

LSA Official Statement on 2020 Track and Field Meet  
March 15, 2020

The Lutheran Sports Association of Illinois 2020 State Track and Field meet is scheduled to be held at Concordia University Chicago on Saturday, May 16 and Sunday, May 17. The meet is still scheduled to be held on those dates and at Concordia. The LSA is monitoring the situation across the state of Illinois and is in communication with our partner Concordia University. We will continue to evaluate the situation going forward always keeping the best interest and safety of all participants in mind as any decisions are made about the status of the meet. Schools and fans should continue to monitor the LSA website and social media for further updates. We anticipate the next update to come as students return to class in early April. As always, we ask everyone to keep our Lutheran schools and our country front and center in our prayers as we navigate these unique times in our country.
